What mammals use the urban forest? What do they have in common, and how can we tell them apart? What clues about the lifestyles of common PA mammals can we detect by looking at their skulls and teeth? This hands-on activity allows exploration of skull anatomies and adaptations of animals we might not know we share the city with. Join us for this fun and educational intergenerational event with Tree Pittsburgh. The program is best suited for ages 10 and up.

June 16, 6:30 pm – Life Changing Service Dogs for Veterans

The aftermath of war comes with deep wounds—physical, mental, and emotional. Life Changing Service Dogs for Veterans offers help. This nonprofit, 100% volunteer organization focuses on raising funds for medical service dogs for veterans with visible and invisible disabilities. The need is great as at least 22 veterans die by suicide per day.

Craig Hodgkins, a retired US Marine Corps Veteran, will be here with his service dog, Foxy, to tell his story. Craig was paired with his dog in May 2020. He credits Foxy with saving his life at a time when he was facing both physical and mental challenges. For more information about service dogs, please visit padogsforvets.org.
